About PECo:

Since our inception in 1946, Process Equipment Company (PECo) has prided itself on its innovative machines, systems, products, and services – all designed to meet the unique needs of the markets and customers we serve.

Building on the ingenuity and experience of our dedicated employees, we provide our customers with both engineered solutions and production components to help them maximize production uptime, increase through-put, improve product quality, and lower overall manufacturing costs.

PECo's quality products, technically qualified employees, and excellent service and support help ensure your complete satisfaction.

PECo serves the machining, welding, marking/traceability, assembly, gear/CMM inspection, and robotic accessory needs of the automotive, defense, power transmission, aerospace and commercial and industrial products manufacturing industries.

DESCRIPTION: **Electrical Assembler**

POSITION REQUIREMENTS:

Individual must have working knowledge of schematics and NAFTA electrical codes and must have own tools. Experience building special machinery, conduit bending and wireway assembly.
